EMILY MAGO

ARCHITECTURAL DRAFTSPERSON

Emily is a highly skilled architectural graduate specialising in architectural drafting, with extensive experience in agricultural, industrial, residential and commercial construction projects in New Zealand and overseas.

Significant experience with AutoCAD, Revit and SketchUp, Emily is able to produce high quality designs, from Concept Plans through to detailed design for Building Consent applications.

A team player, able to build strong relationships with Council, clients, consultants and site based construction teams, Emily will ensure compliance and assist in achieving all project goals.

RESPONSIBILITIES

As Architectural Draftsperson, Emily is responsible for the production of designs, computing material requirements to assist suppliers and procurement, document management, consent management and coordination of service and architectural designs.

QUALIFICATIONS

Bachelor of Science in Architecture
Diploma in Business (Level 7) - NZ
