GARY SMITH

COMMERCIAL MANAGER

With over 40 years building experience both in NZ and Overseas, Gary brings a wealth of knowledge to this position with an honest, fair and reasonable approach to his commercial obligations. Gary enjoys working hard within a good Team with focus on quality and successful and mutually rewarding completion of projects.

Many years of carpentry experience coupled with Quantity Surveying and Commercial Management qualifications and experience make Gary a key member of any team seeking to deliver a successful project.

Experience with large scale commercial, heavy industrial, agricultural and infrastructure projects has given Gary a unique set of skills and experience rarely found in the construction industry.

RESPONSIBILITIES

As Commercial Manager, Gary is responsible for the overall financial management of the project, while supporting the site team with issues of cost, contract and procurement.

He will work closely with the client and project team to ensure timely and efficient processing of procurement and monthly claims.

QUALIFICATIONS

NZCQS (1993)

NZ Trade Cert Carp & Joinery (1981)
